Ex Parte Presentation

Dear Ms. Dortch:

Key Bridge thanks the Commission for the designation of TV Bands database administrator subject to certain conditions. This letter, and the attached *Proposal to Administer a TV Bands Database (Revised)*, may serve to reaffirm our solution's compliance with the final rules, our proposal document's compliance with the Commission's explicit information and content requirements, and our Team's commitment to building and operating a robust information infrastructure for the TV band white spaces.

Specific responses to the Conditions may be found pages 7 through 10 of the revised Proposal.

Key Bridge and the solution team we represent look forward to working with the FCC and the other conditionally designated administrators in the coming weeks and months to make this important undertaking a runaway success.
